

Tejaswini Y

I'm an AIML student who enjoys exploring technology—from building simple ML models to experimenting with real-world data. I work well in teams, stay committed to learning, and always look forward to challenges that help me improve my skills and contribute to innovative ideas.

Educational Background

Acharya Institute of Technology

Bachelor of Engineering (B.E.), Artificial Intelligence & Machine Learning

2022-2026; CGPA - 8.41

BGS Gurukula IND PU College

PUC – PCMB

2022 ; Scored - 91.67%

Government Girls PU College

SSLC – 10th Grade

2019 – 2020 ; Scored: 85.44%

Projects

Sustainable Energy Forecasting & Automated Alert System (SDG-7)

- Built a Django-based interactive dashboard to analyze global SDG-7 energy indicators using machine learning. Implemented and compared 7 ML models using MSE and accuracy.
- Developed automated email alerts triggered by forecasted thresholds for energy access, renewable adoption, and CO₂ emissions.
- Technologies & Tools:** Python, Django, Machine Learning, CatBoost, XGBoost, LightGBM, Random Forest, Pandas, Plotly, Data Visualization, Email Automation, SDG Analytics

Enhancement of Eye Analysis: Ocular Vision

- Developed a Computer Vision-based project focused on detecting and analyzing ocular features using image processing techniques.
- Technologies Used: Python, OpenCV, Haar Cascade Classifier, Matplotlib

Safe Clicks: Phishing Website Detection

- Built a machine learning model to classify URLs as phishing or legitimate by analyzing various features.
- Algorithms Used: Decision Tree, Random Forest, Logistic Regression
- Technologies Used: Python, Pandas, Scikit-learn

Skills

- Programming: Python, C, C++
- Data science & AI : Machine learning, Deep Learning, NLP
- Databases & Backend: SQL, MongoDB, Django
- Visualization Tools: Power BI, Tableau
- Tools & Technologies: GitHub, Jupyter Notebook, Google Colab, DevOps.
- Office Tools: Microsoft Word, PowerPoint, Excel (Basic)
- Soft skills** : Teamwork, Communication, Problem-Solving. Time Management

Contact

Tarikere , Karnataka, 577228

Language

- English
- Kannada
- Hindi – Basic Understanding

Certifications

- Infosys Springboard** : Introduction to NLP, Basics of Python, Microsoft Power BI, Tableau
- Coursera**
 - AI for Everyone
 - Python Data Structures
 - Introduction to python fundamentals
 - Modern Robotics, Course 1: Foundations of Robot Motion
 - The Arduino Platform and C Programming
 - Introduction to the IOT and Embedded Systems
 - Machine Learning with python
- Simpli learn** : Introduction to Computer Networking
- Linkedin learning** : Microsoft 365 Copilot ,Social Media Marketing, Machine Learning Foundations : Stastical, probability, Calculus, Linear algebra Professional Certificate, Artificial Intelligence Foundations: Machine Learning
- Power BI workshop certificate from **Office Master**

Achievements

- Member of Uthkarsh Abhinaya theater group; participated in various State and National-level competitions and won championship twice.
- Volunteer at VTU Srushti 2025 Event
- Active Volunteer with kannada vedike Community Initiatives

Hobbies

- Dance, Yoga, Theatre and Performing Arts, Sports, Travel, Community Involvement
